BEACHES

PERISSA, PERIVOLOS & AGIOS GEORGIOS

Located along Santorini's southern coast, these three connected beaches offer long stretches of black volcanic sand, crystal-clear waters, and a relaxed vibe.

- Perissa is lively, with beach bars, tavernas, and water sports.
- Perivolos is a bit more upscale and stylish, with trendy beach clubs and laid-back lounges.
- Agios Georgios is the quietest end, perfect for a peaceful day by the sea.

Sunbeds, umbrellas, and beachside service are available along the entire coastline, making it ideal for both relaxation and fun.

RED BEACH

One of Santorini's most famous and dramatic beaches, Red Beach is known for its striking red volcanic cliffs and deep-colored sand. Located near Akrotiri, it's just a short walk from the archaeological site. The contrast of red rocks, turquoise water, and the unique landscape makes it a stunning spot for photos, sunbathing, or a refreshing swim. This amazing spot is only a 10-minute walk from our villa.

Tip: Wear sturdy shoes for the short hike down and bring water, as shade is limited.

KAMARI BEACH

A popular black-sand beach on Santorini's east coast, Kamari offers clear waters, sunbeds, and a lively seafront promenade with restaurants, cafés, and shops. Ideal for swimming, relaxing, or enjoying a beachside meal with a view.

VLYCHADA BEACH

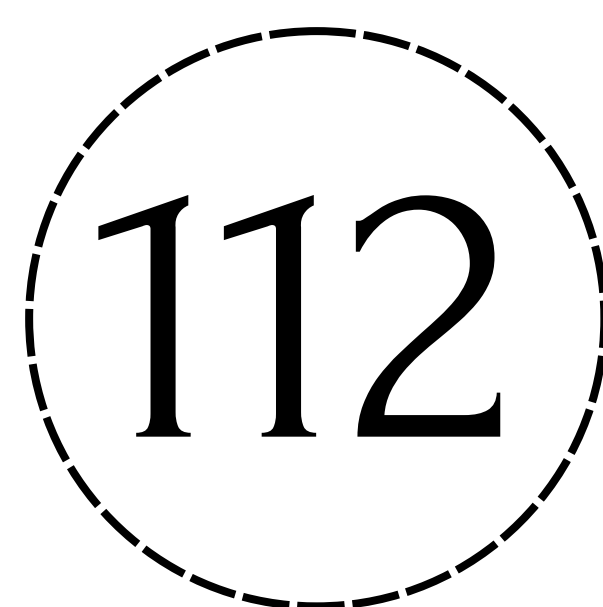

A quiet, unique beach with moon-like cliffs and dark volcanic sand. Perfect for those seeking a more peaceful, unspoiled spot. A small marina and a few tavernas are nearby.
